## Foreword

Stand with us at the bottom of a tremendous mountain. Now, through the mystery of memory, glance toward the summit of that mountain . . . because twelve years ago we began to climb that mountain of knowledge. We knew it would be a treacherous ascent. We knew there would be plateaus of pleasure and personal performance. We knew there would be valleys of despair and dejection. Yet, we knew that the total ascension of that mountain would result in our graduation . . . the receiving of our diplomas . . . and the introduction of our efforts toward an even more terrifying mountain . . . the mountain of life.

Now, you stand with us at the top of that mountain. Oh, if words could only describe the wonder of our past twelve years. But how can you record the sacrifices our parents made for us? How can you express the patience and understanding our teachers shared with us? How can you explain the wonderful inner emotions we experienced as our athletic teams came through with a fine victory or when we came up with that "good grade" when we needed it so badly? Or how about the friendship in the hallways, the soup on Fridays and the ice cream at recess? We take one final glance down that mountain before we leave you. At various levels, we see those struggling to reach the pinnacle we occupy. But we can't hesitate to help . . . instead we must move on to make room for others. The blood of optimism flows through our veins as we leave. With sheepskin in hand, each of us now faces our own little individual mountain. Save a small place for us in your heart as you watch us begin our climb . . . you know you will always be in ours!

## *Dedication*

Traditionally, the members of the annual staff have dedicated the Corinthian to the teacher who has been most closely associated with the senior class. Therefore, we proudly dedicate this year's edition to Mrs. Margaret Edwards, for her keen interest, wise counsel, and close friendship which have been invaluable to us throughout our high school year.
